

NARCHI Delhi 2022-24

“Quality RCH care: Strengthening linkages, Bridging gaps”

World Population Day 2022: Call for Action

World population day(WPD) is celebrated on 11th July every year to raise awareness about global population issues as well as the importance of Family planning .The Govt. of India (GOI) has been giving due emphasis to the issue of Population Stabilization and all states observe a month long campaign in the months of June and July every year. The theme for this year’s WPD campaign of the GOI is “Parivar niyojan ka apnao upay, Likho tarakki ka naya adhyay” and the campaign will be run from 27th June to 24th July 2022. The activities by the government will focus on demand generation and intensified service delivery in 2 phases.

NARCHI Delhi 2022-24 is committed towards its responsibilities towards public health and wishes to provide a platform for joint efforts between Public & Private sector for improvement in reproductive health of couples in Delhi. In accordance with our theme of “Quality RCH care: Strengthening linkages, Bridging gaps”, NARCHI Delhi 2022-24 will collaborate with Directorate of Family Welfare, Govt. of NCT of Delhi and strive to bridge the gaps in the unmet need for contraception in Delhi. We intend to carry out various activities such as public forums at our facility as well in the community to spread awareness about contraception. We also plan to organize hands on workshop and CME to train the young brigade of Obstetricians and Gynaecologists in delivery of the Family Planning services.

We urge all our enthusiastic members to contribute to this WPD campaign through IEC, free counselling desks or other awareness programs with special focus on Post-Partum family planning, Post Abortion family planning and Male participation. Do share the details of the activities conducted by you through mail at narchidelhilh@gmail.com.
